

Dunellen Downtown Management Organization
Minutes of November 14, 2017

HarvestFest:

- discussed potentially having a rain date - although many vendors are already tied up. Moving to inside venue? We don't have a venue large enough to fit the vendors.

- Bill was not there for financial update on status of Harvestfest

- Heidi said input from vendors was very positive. She is going to follow up with Early Early Bird offering registration now.

- Discussed donation to Presbyterian Church of \$200 for use of PA system during the Harvestfest and the concert afterward. Committee agreed, and Ken followed up with Bill Robins to assure check/allocation was made.

Christmas Tree Barrels - tree lighting is December 3. We would like to have trees in place by the tree lighting.

- Adam proposed a toilet flange secured to the bottom of the wooden barrels with carriage bolts, then 4" pvc to hold the tree. He will test foam in a plastic bag to see if that will help secure the tree.

Committee agreed to move forward with Adam's proposal. Trees to be delivered this week.

Tree delivery - Jason said there may be a charge for an additional truck - although we are only ordering 13 trees, and a \$225 charge would be too much - so Jason followed up with the Fire Dept and we will not be charged the additional delivery fee. Committee agreed to \$50 donation to Dunellen Fire Department.

Art Color Complex - discussed current status - demolition expected in April.

Lighting project - discussed current status - appears delayed due to concern over amount of light.

Joe Villane - losing tenant, Maybe Baby - Ruben, Jason, Enrica discussed potentially contacting Hidden Ground as a new tenant.

Committee Members

Ken and Jason to follow up with Mayor and Council on appointment of Leah, Ruben and/or Enrica to Committee.
