PART 3-DEFINITIONS

1. **Gross Rental Income**-the total annual income from the rental of space assuming that all space is 100% occupied. The fair rental value of an employee's apartment would be included.
2. **Other Income**-the income from services that are corollary to the operation of the real estate. It is income generated by operation of the real property, but not derived directly from space rental. Examples of other income would include income from gas and electricity sold to tenants, income from vending machines, income from signs on premises, and income from swimming pool club.
3. **Expenses**-expenses are expenditures that are necessary to maintain the production of income, included are out-of-pocket costs to provide services to tenants. Examples of expenses that may be chargeable to the operation of the real estate are listed on the Income and Expense form you are to complete. **DO NOT** list mortgage interest and amortization, depreciation charges, income or corporation taxes, special corporation costs or any capital expenditures.

Part 5-Statement of Expenses (See Definition #3)

Below is a list of expenses. If the expense item is applicable to the operation of the real property, please insert the appropriate amount of the expense. If an expense item is not listed, space is provided under other expense items to insert the type of expense and the amount. The annual expense item must coincide with the same annual period specified for gross income. You may have to allocate certain expense items that are not incurred annually. For example, exterior painting may be needed every 7 years. Do not include the total expense for such items if the expense was incurred during this annual reporting period. If painting is done every seven years and the cost is \$21,000, the amount to report would be \$3,000(\$21,000 / 7 years).
